A mobile application login screen mockup. The screen features a light purple header bar with a hamburger menu icon on the left, the text "로그인" (Login) in the center, and a user profile icon on the right. Below the header, there are two input fields. The first is labeled "ID" and contains the text "Value". The second is labeled "비밀번호" (Password) and also contains the text "Value". At the bottom of the screen, there is a large, light purple button with the text "로그인" (Login).
